

## Secure Ballots Made Easy Convenience for Military and Overseas Voters

### A Secure Solution for Military, Overseas & Absentee Voters to Easily Transmit Ballots Online.

GoAnywhere MFT™ provides a secure and convenient solution allowing military, overseas and absentee voters to easily transmit ballots electronically to authorized election officials.

Unprotected forms of communication like email or fax leave your voter ballots at risk. The GoAnywhere MFT **Secure Forms module is easily implemented** and guarantees secure transmission and automatic distribution of your election ballots.

- Convenient website for securely uploading ballots
- Ballots are secured in transit and at rest
- FIPS 140-2 validated AES-256 bit encryption
- Installed on-premise in your internal IT infrastructure
- Audit trails and reporting of all ballots transmitted and distributed
